

ERRATUM

The following changes have been made in the Incremental Recycled Water Program Discharge Compliance Project Draft Environmental Impact Report dated March 2008. Changes to the Executive Summary and Chapter 1, Introduction and Summary, are a result of omissions in the Summary of Impacts by Alternative Table 1-5. The table was inadvertently left blank in both the Executive Summary and in Chapter 1 of the document. Table 1-5 provides the reader a summary of impacts that are presented in more detail in Table 1-6. Text that has been added is indicated in underline font, and text that has been deleted is indicated with ~~strikeout~~ font. Changes to text within a table have been lightly-shaded to highlight the edits.

1. Page Summary-18 and Page 1-18, Table 6.2 is renumbered to Table 1-4:
2. Page Summary-19 and Page 1-19, Table 1-4 is renumbered to Table 1-5 and the table has symbols added as illustrated below:
